MITIGATION TYPES FOR DATABASE

K = Compensatory
B = Best Practical Technique

	MITIGATION	CATEGORY (Monetary, Structural, Created)

1.	purchase of mitigation credits
	   a. mitigation area
	   b. mitigation bank
		Created

2.	advanced mitigation credits	Could be any, designate project by project

3.	plug
	   a. earthen
	   b. rock or shell
	   c. structural
		Structural

4.	culvert
	   a. open
	   b. flapgated
		Structural

5.	weir
	   a. flapgated
	   b. variable crest
	   c. fixed crest
		Structural

6.	bulkhead	Structural
7.	levee construction	Structural
8.	levee gaps	Structural
9.	erosion control a. rip-rap	Structural
10.	shoreline stabilization	Structural
11.	sediment fence	Structural
12.	Christmas tree fence	Structural

13.	plantings
	   a. trees
	   b. herbaceous
		Created

14.	splay	Structural
15.	spoil bank maintenance	Structural
16.	levee maintenance	Structural
17.	backfill	Structural
18.	freshwater diversion	Structural
19.	freshwater introduction	Structural
20.	freshwater pump	Structural
21.	siphon	Structural
22.	trust fund	Monetary
23.	wetlands creation	Created
24.	Conservation easement (Set aside)	Created
